## *History in the making...*

These are exciting times at Louisiana College and you are part of making history. We have broken the school record for high enrollment once again and that is no small victory. College and universities all over the state and even nationwide are downsizing programs, degrees, and faculty because of the economy, but the Lord continues to have His hand on LC.

We have had some growing pains with the increased enrollment which is no secret to

many of you. Many of the freshmen guys in Tudor Hall are sleeping three

to a room this semester. Residence Life wants to thank you for your patience and your graciousness during this time.

**We're also making history** with a minor catastrophe that occurred the very first day of classes. Those of you who lived in CDA know exactly what I am talking about. In the history of LC we have had a dorm burn to the ground but we have never had one flood because the sprinkler system went off. A big thank you to the ladies of CDA who had to move all their belongings to Cottingham while your building is being repaired.

**You've been champs** through it all!

## pajamas and theology

One of the newest members of the LC staff but certainly not a new face, Melissa Herrington, would like to invite all ladies to pajamas and theology. Every Sunday evening at 9pm in the Alumni House you can join us for Bible Study, coffee, dessert and some great discussion.

Melissa has a passion for discipleship when it comes to the ladies on our **campus. If you can't** make it to pajamas and theology you can stop by her office located in the BCM during the week. She would love to meet you and I can promise you **that you'll leave chal-**

lenged from being with her. Take advantage of **the women's ministry happening at LC....don't be** content with standing on the sidelines when there is a campus, a community and a world that needs godly women to have an impact!

# TWILIGHT PRAYER WALK

One of the greatest resources we have as followers of Jesus Christ is prayer. If we want LC to be a place that glorifies Jesus Christ it will not happen by accident. Dr. Aguillard is constantly challenging us to be a student body, faculty and staff that makes Christ known. What better way to start off the academic year than by prayer walking our campus. Next Monday, September 13th we will have a campus wide prayer walk and

time of worship. We will meet in the quad in between Alexandria Hall and the Student Center at 9pm. Dr. Jonathan Forrester, the President of the Board of Trustees will kick us off in prayer and we will move to different buildings around campus. Mark this time on your calendar and plan to join your LC family for a time to seek the Lord and ask His blessings and protection over our campus. Make sure you bring a flashlight with you.

**I know what you're probably thinking..."do we get a spiritual credit for this?"** Some times you just do things because it is the right thing to do and not because you are getting recognition for your participation. The answer is no...there is no spiritual credit being offered. We hope to see you there!

## LAUNDRY TIPS

**So now that you're off at college** and the laundry is piling up many of you may be realizing just how much your mom did for you while you were home. Here are just a few general laundry tips that will keep your whites white and **items you don't want to shrink** the size you bought them.

TIP #1: Choosing the right water temperature..as a general rule of thumb you want to wash whites in HOT water and

all colored items in COLD water. This will prevent items from bleeding on to one another. **Make sure you aren't washing whites and colors together or you'll end up with some pink shirts you didn't plan on.**

**TIP #2: Don't Overload the machine...you're laundry is already paid for so don't feel** the need to stuff the machine full. Putting too many clothes in the machine will prevent

them from getting thoroughly cleaned.

TIP#3: Shrinking...any item that is 100% cotton or wool will shrink in the dryer. If something is marked DRY CLEAN **ONLY don't put it in the washer or dryer.**

TIP #4: Be courteous to others in your building when it comes to the laundry machines!!

## RA OF THE MONTH: LEE JONES

Congrats and a big thank you to the RA of the month, **Mr. Lee Jones. This is Lee's** second year as an RA in Church Hall and what a great addition to our staff he **is! To say that we've seen** Lee come out of his shell this semester is an understatement. During RA training he kept us thoroughly entertained and laughing

until our sides hurt. Life with **Lee isn't all play and no** work though. During the many mattress shuffles **we've had this semester,** Lee has always come running when he was called and worked tirelessly until the job was done. Thanks for going above and beyond Lee!

Here are just a few interesting tidbits about Lee:

\*he is studying to be a doc-

tor \*he is an amateur photographer \* he does impressive voice impersonations \* he can watch the show Planet Earth on repeat for hours on end \*he is freakishly good at **"Minute To Win It"** challenges, especially if it requires him to shake his money maker **\*he's been known to be the** campus heart throb!

### *Date Night suggestions from some of LC's Faculty/Staff*

ERIC JOHNSON suggests taking a picnic to the amphitheatre down at Red River and enjoying the view while you spend some quality time with that special male or lady friend!

Oddly enough, Eric has never taken his wife, Lauren on a date there but swears it would make for a great date!

BRAD DUFFY suggests a 1/2 tank date. Take out a map and draw a circle around Pineville of where you could be with just 1/2 a tank of gas (100-200 mile radius). Pick a spot and hit the road and find something fun to do when you get there or just a good and new place to eat. The real date is spending some quality time together while you take a fun/cheap road trip.

DR. WADE WARREN suggests going to Cabo Rio and sharing the cheese dip appetizer and **splitting the "plato mariachi"** which he couldn't say enough about. Take in an early movie at The Grande and then pick up a cup of coffee and head out to the airport to watch the planes land. There is a great overlook on the third floor of the airport.

## 2nd Annual Adventure Trip

**You don't want to miss the** 2nd annual ADVENTURE TRIP hosted by Residence Life. If **you don't have plans for Fall Break**, you need to mark your calendar to take a road trip with us! We will leave on Thursday, October 7th and trek to Chattanooga, TN where we will camp for the weekend. We will spend Friday exploring the caverns of Raccoon Mountain. On Saturday you are in for the adventure of a lifetime as we white water raft down the Ocoee River (home of the Olympic rafting events). We will return to Pineville on Sunday, October 10th.

To sign up you will need to pay a \$50 deposit in Student Development. Only the first 45 students are guaranteed a spot so sign up now. The remaining balance will be due by September 27th. The total for the trip is \$115.00 and includes your camping gear, transportation, meals while camping, rafting, wetsuit rental, and cavern tour. The only additional cost will be meals while traveling on Thursday and Sunday and any souvenirs you wish to purchase.
